

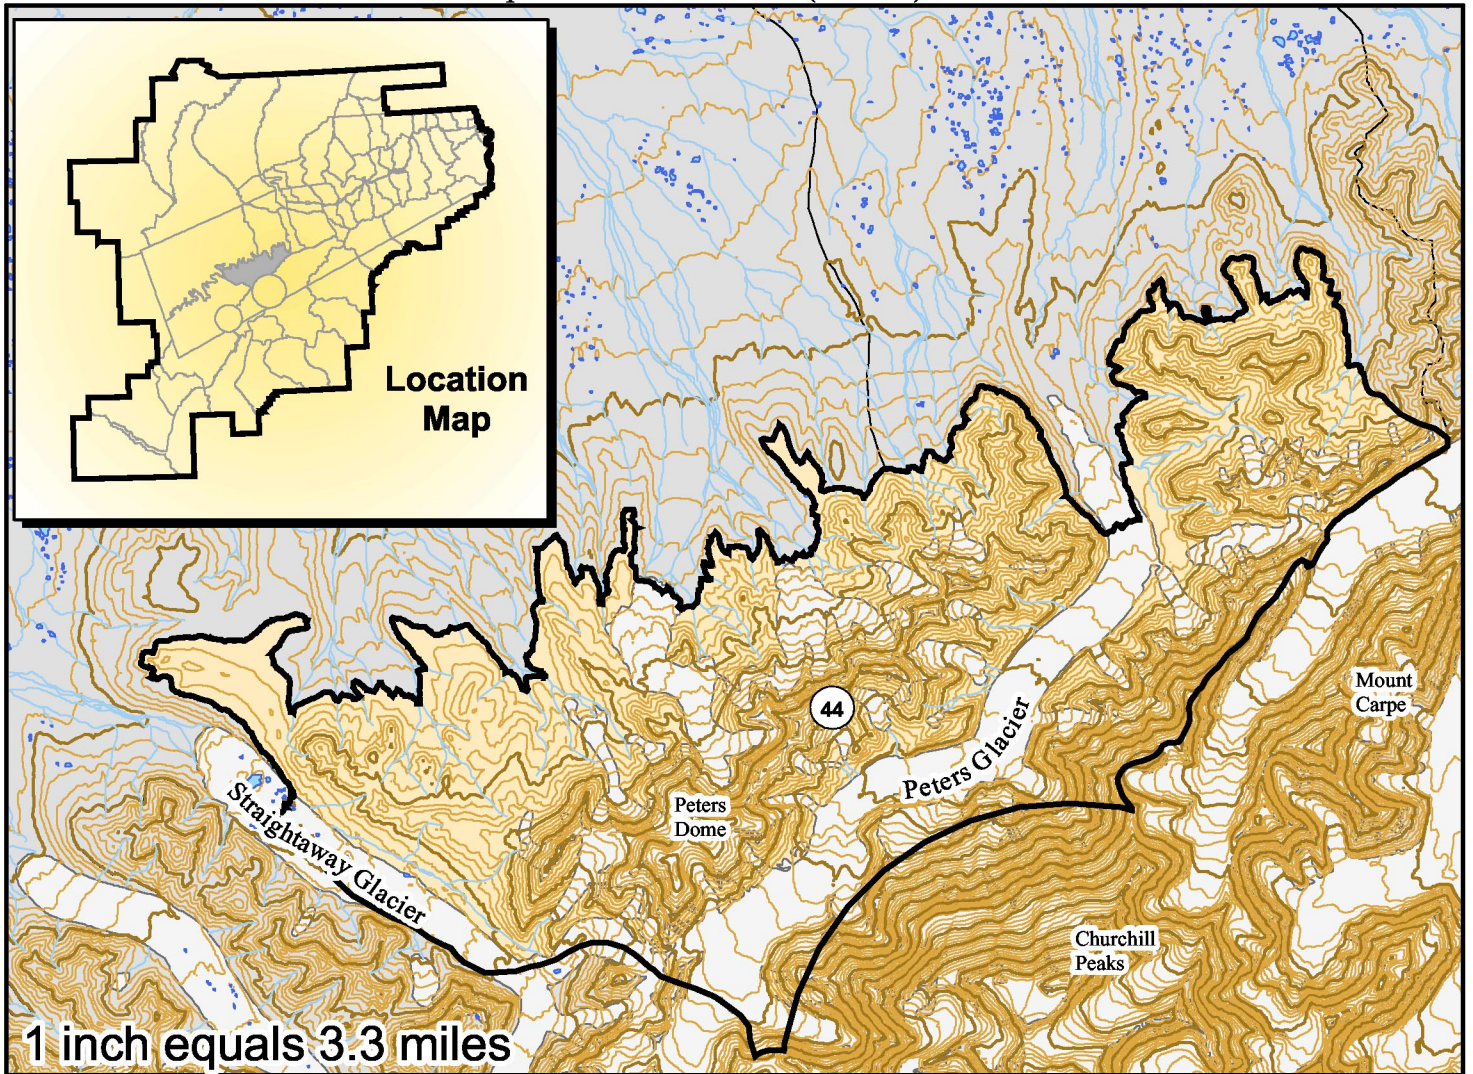

Map 2-33 - Peters Glacier (Unit 44)

Peters Glacier (Unit 44)

Dwarf shrub, snow, ice, and rock. Includes peaks such as Peters Dome and the base of the Wickersham Wall. Remote area. Numerous bear dens. Raptor sites in northern part of unit. There is one cabin.

Minimal activity on the ground, possibly one mountaineering party per year. Regular overflights as part of air tours of Mount McKinley. Wilderness experience excellent when there are no overflights.
